THE LYLES MURDER. - Our readers no doubt remember the execution at Marlboro,' Prince George's county, Md., on the second day of November, 1866, of four colored men-William Plater, Henry Luckett, William Jones and Henry Davis-who were tried and convicted of the murder of Colonel William Lyles, near Fort Washington, Prince George's county, in the month of June of the same year. The murder was a very atrocious one, and was solely for the purpose of robbery. The four men above mentioned, with another named Henry or Nimrod Richards, went to the house of Colonel Lyles and asked for lodgings, and were directed to an out house, where they were told they could remain until morning. They retired, but, according to the confession of Plater, made shortly after his conviction, (on the 6th of September,) instead of going to the shelter pointed out to them, they laid down in the grass, having agreed that Rich ards shou'd give the word for an attack on the inmates of the house, in order to obtain possession of the money they believed to be in it. About midnight the word was given, and the party burst open the door of the house and commenced firing on the inmates. Col-onel Lyles was shot in bed. Mrs. Lyles escaped. The parties then robbed the house of money and valuables, including from \$1,200 to \$1,500 in Virginia bank bills. Some weeks afterwards one of the criminals offered some of the money at a banking house in Alexandria, and the police of that city, from the clue thus obtained, soon arrested the tour men named above, but Henry alias Nimrod Richards managed to make his escape. Since that time he has been all through the North, but a few weeks since he was arrested in Boston, and was subsequently brought to Baltimore on a requisition, where he has been confined for some weeks past. Richards, in the Baltimore jail, acknowledged to Sheriff Albert that he was the party that they had been alter, stated that since the murder he had been all over the North and West, being followed every where, said that he knew he would have to swing, and the only request he had to make was that he should have a speedy trial. Sheriff Frazier, of Prince George's county, arrived here with a requisition for the pri-oner on

MATRIMONY AND MURDER. - A young lady who has been stopping with Governor Ran dolph's family at Morristown, New Jersey, was recently attacked by a young man from Brooklyn, who attempted to kill her. It seems that she was engaged to the young man, and had received visits from him at her father's house in Brooklyn. Her father is a gentleman of high standing. He was a General in the Union army, and gained an enviable reputation for bravery. The daughter and her lover moved in the highest circles. The wed ling day drew near, and the couple were, to all appearances, happy. Apartments were fitted up under the paternal roof at the coast of \$6,000. Great pre parations were made for the wedding, and invirations were issued. Two days before the day fixed upon, the young lady discovered that her promised husband, although a man of excellent family and high reputation, was a person with whom she could not consent to live, and she broke the engagement at once, and ordered her suitor never to appear before her again. But he did appear, begging her to marry him. Upon her repeated refusal he attempted to stab her. She escaped, and being again thretened with death, she left the city, telling only her parents of her destination, and went to Morristown to visit the family of Governor Randolph. Her suitor soon learned her whereabouts, and presented himself at the door of the Governor's mansion a few days ago, and demanded admission. Having seen him ap proaching, the lady gave orders to bar the doors. He attempted to force an entrance, and finally, it is stated, fired at the lady through the window. He is said to have been seen, since this occurrence, lying in wait for her near the house, and a guard has been stationed on the grounds to capture him, it possible.

FLOWERS.-The following article from the Hagerstown paper we commend it to our readers. We are pleased to note the fact that our community comprises many who manifest elevated tastes by the culture of beautiful flowers : "There is no town that we have ever visited that can make as good a show of house flowers as this same Hagerstown of ours, and it is remarked by strangers that there must be considerable taste among the inhabitants, judging from the beautiful specimens that may be seen any day in the windows of almost every private residence in the place, and in a great many business houses. It costs a mere nothing to cultivate a few pots of flowers, and there is nothing that exhibits refinement, at the same cost, so well. The beautiful and graceful leaves and flowers are not only pleasing to the eye, but their sweet perfume fills our houses with the breath of summer, when the ground is white with the shroud old winter throws about the earth. It imparts a life and pleasantness to the dreariest room, and upon the minds of children has the happiest effect. Every mother should have a few of these little enliveners, if not for herself, for those whom God has placed in her care to cultivate and re-

| Many of the ladies of this place take pride and pleasure in the cultivation of flowers, and the taste for flower culture is increasing.
